Our Town - Its Administration

Commissioner Samuel Spencer, President, Board of Commissioners of the District, will lead a symposium at the luncheon at the Willard on Wednesday, December 15, on administrative and transportation problems of Washington. Those participating will include: Commissioner Renah Camelier; Mr. Schuyler Lowe, Director, General Administration; Chief of Police R. V. Murray; and Traffic Director George Kencipp.

Transportation, parking problems, and urban redevelopment will be stressed and Schuyler Lowe will comment on the administrative reorganization of the District government. The meeting will be open for questions from the audience.

Whether we live in the District or not, we all work here. This is a chance to find out about the operation of your town.

Invite your wife to accompany you. It will give her - and you - a breather from Christmas shopping.

For reservations call Ralph Dungan, Ext. 392, Code 177 or STerling 3-5200.

Please make your reservations early.
